

**Surface Deployment and Distribution Command**  
**Bulk Fuels Movements Integrated Process Team**

This section contains information on the Surface Deployment and Distribution Command's Bulk Fuels Movements Integrated Process Team (SDDC BFM IPT). The objective of the IPT is to identify the contracted requirements for providing transportation movement of Bulk Fuel services to support its origin and destination points CONUS.

Information resulting from each IPT session will be posted at this location.

Industry and other interested parties who are not active participants may submit comments on posted documents. All responses shall be submitted only to the Contracting Officer at [jonesray@sddc.army.mil](mailto:jonesray@sddc.army.mil), and/or Contract Specialist at [pattonl@sddc.army.mil](mailto:pattonl@sddc.army.mil), via e-mail.
